

Highest of all in Leavening Power.—Latest U. S. Gov't Report.

Royal Baking Powder

ABSOLUTELY PURE

The McCook Tribune.

By F. M. KIMMELL.

\$1.50 A YEAR IN ADVANCE.

JUDGE WILSON succeeds Bissell as postmaster general, but the quality of mucilage on the stamps remains the same as ever.

THE legislature will do better by letting that bill appropriating \$9,200 to reimburse certain ex-state officials die the death of the righteous.

THE boards of trade of both Chicago and St. Louis propose to take some action toward loaning seed to the drouth sufferers. What's the matter with Omaha and Lincoln.

EXCUSE us; but we are impelled to the conclusion that Parson Lunden is a supreme chump at the business of distributing aid. He ought to turn the business over to the office boy or cat.

THE valued policy law should remain on the statute books. The people who pay premiums on insurance policies do not ask for its repeal, even when they are assured that rates have been raised because it was enacted.—Bee.

THE member from Sarpy "smells a mouse." Colonel Howard avers that there is a tie up between the Douglas and Lancaster delegations, the tie up having for its end and purpose the defeat of the stock yards bill and the securing of liberal appropriations for university purposes. The Colonel's sniffer is evidently working all right.

ACCORDING to Colonel Merwin of the Beaver City Tribune, Colonel Kelly of the Beaver City For Revenue Only has ceased to be an uproarious joke and has become a ripsnorting nuisance that needs abating worse than Grover needs bonds to keep Uncle Sam out of the pawn shop. Colonel Kelly, like his ilk, are chiefly valuable as horrible examples.

THE warning against the use of seed corn from the south cannot be disregarded by the farmers of Nebraska. There is unanimous testimony from experienced growers that the southern corn will not mature in this climate. It is believed that there is plenty of native corn to seed the state. When the seed is secured, either by public or private purchase, it will be well to see that none is used that comes from any southern latitude. The best plan will be to feed the imported grain and use the old corn raised in this state for seed.—Journal.

THE most brilliant social event of the winter in Lincoln was the reception tendered the members of the state legislature, last Friday evening, by the Lincoln Commercial club. Fifteen hundred invitations were issued. The senate chamber was utilized as a reception room, the representative hall as a ball room. Refreshments were served in the lieutenant governor's room. It is described as having been the most elaborate and brilliant affair in the capital city's history. And yet fifty of Nebraska's counties are receiving aid from Iowa, Illinois and Missouri.

THE eastern states, already pretty well planted with depots for the reception of contributions to the Nebraska drouth sufferers, are threatened with an ever increasing number of peripatetic solicitors of money donations. The danger is, of course, that a worthy cause may become the seed of imposters and frauds seeking personal profit out of the relief business. It is impossible for the people of Nebraska to control these self-appointed solicitors. All they can do is to warn the people of the east against deception and admonish them to exercise every reasonable precaution as to the parties to whom they intrust their offerings for the drouth sufferers. If the charitable contributors will follow the dictates of common sense and make sure that they are not being imposed upon by pretenders they will use the most effectual check upon masqueraders under the cloak of charity.—Bee.

THE bill passed by the late lamented congress makes the lottery business hazardous. Express companies are prohibited from acting as agents. Besides extraordinary powers are vested in the postmaster general to eradicate this great curse.

Mrs. WILLIAM K. VANDERBILT has secured a divorce from "Willie K.," who can now devote himself exclusively to Nellie.

LET the valued policy law stand. Policy holders demand the protection against scheming, procrastinating insurance companies.

THE effort to defeat Governor Holcomb's right of appointment merits the contempt of all square and manly partisans.

THE Holdrege National bank closed its doors, last Thursday evening. The failure was not unexpected.

THE Stockville Faber will likely be revived on or about April 1st.

RED WILLOW.

Nellie Myers was making a visit at home, last week.

William Byfield is spreading water over his meadow.

Mrs. John F. Helm has been in very poor health for some time past.

The farmers of the precinct who are so fortunate as to have wheat are putting it in the ground.

Mrs. Taylor of Sunny Side was visiting the old neighbors the latter part of last week.

An oyster supper at Mr. Benj. Baker's, on Friday evening, was well attended and much enjoyed by the young people.

Mr. A. C. Black and family have spent much time with their sister, Mrs. Will Randal, of late. Mrs. Randal's baby has been very ill.

Certain unconventional manners of addressing each other which prevail between pupils and teachers led to a visit from the school board in District No. 1.

An effort is being made to send Mr. Wilbur to his old home in Iowa, where it is hoped he may be able to get a little aid in the shape of seed and feed for this precinct. Mr. Wilbur expects to start Tuesday, March 5th.

COLEMAN.

M. H. Cole bached, Monday.

Mrs. Sharp spent Monday with Mrs. Coleman.

Matt Droll has four teams at it putting in a crop.

Sabbath school at the Coleman school house every Sabbath.

Miss Gertie Coleman is working for Mrs. Ryan on the Willow.

M. H. Cole has a great big wood pile and keeps adding to it.

Uncle Billy is getting quite a pile of wood cut up for summer use.

Mrs. Shoonover is on the mend. She is on the Dick Moore farm on the Willow.

Mr. and Mrs. Bixler swapped parables with Mr. and Mrs. Wales, Thursday, at the home of the latter.

Miss Alta Smith is doing the house work for Mrs. Coleman, while she is laid up with a lame ankle.

A letter just received from Iowa says: "We have had three bad dust storms in the past two weeks. Filled our houses with dirt."

Uncle Billy received a box of clothing from Illinois, and he says that the only thing in that box that would fit him was a blanket.

Knipple is headquarters for garden seeds of all kinds. Call and see his supply and get his prices before laying in your stock for spring planting.

Texas seed oats, best in the world, for sale by the McCook Commission Co.

TYRONE.

Mr. and Mrs. Matthey of East Valley attended revival meetings here part of the week.

R. F. Gorely of the aid committee went to Indianola, Friday, for supplies for this precinct.

J. C. Moore received a letter last Saturday from J. F. Holmes of Illinois offering a car load of choice seed corn on very reasonable terms.

At the aid meeting, Monday night at the Gorely school house, Frank Moore was chosen to telegraph to Illinois and if response is favorable will go east for seed and feed for the destitute here.

Bulk and garden seeds at Knipple's.

A SEVERE WINTER.

THE CAUSE OF SUFFERING AND AN INCREASE OF DISEASE.

This winter has been the most severe in many years. North, South, East and West intense cold and blizzards have prevailed. This will surely cause a great increase of sickness and death. Chronic catarrh and consumption always begin by catching cold. Thousands have started on the road toward a life time of misery from chronic catarrh or a sure death from consumption. It is not too late yet to be saved and restored to a life of health and activity. Pe-ru-na will do it. It never fails to quickly cure chronic catarrh less than two years old. Of course Pe-ru-na cures thousands and thousands of cases of chronic catarrh that have run for many years, but in cases that are of more recent origin it cures quickly, certainly and permanently. Every case of cold or cough that has resulted from our severe winter could now be cured in a short time by Pe-ru-na. Not a single one need fail.

All those taking Pe-ru-na who desire the advice of Dr. Hartman about their cases should write, giving age, sex, disease and time of sickness, and he will answer free. A few weeks' treatment now will prevent years of suffering, and in many cases death. Address the Pe-ru-na Drug Manufacturing Company, Columbus, Ohio, for a free book on catarrh, colds, la grippe and consumption.

For free book on cancer address Dr. Hartman, Columbus, Ohio.

HORSES and cattle have wintered well so far, but they are not looking fat, as some imaginative special correspondents allege. Not very fat.
